

groups. Anne Kertscher did contact River Edge Nature Center to begin pairing activities of our two groups. As a result three River Edge representatives were in attendance at this meeting.

NEW BUSINESS:

Patricia Gerber, Riley Jenkins and Natalija Walker distributed a hand-out of ideas for a SAUKVILLE AREA HISTORICAL SOCIETY RIVER DAY.

The following are some of the suggestions included in this "station" idea handout.

1. A museum tour
2. A drone view of the Saukville area including the Milwaukee River
3. Art House studio mural with both historical and river-related components. Anne Kertscher and Patricia Gerber have volunteered to talk to the Art House Studio about a history/river mural.
4. Partner with Saukville Fire Department to show the river-powered fire truck and the use of MKE river to supply the needed water during a fire. This engine could be displayed with the vintage fire truck at the Firehouse museum. Firefighters could be present to discuss fire safety.
5. Food could include Fry Bread. Scouts could serve buffalo burgers.
6. Walking event. Attendees could visit different stations set up inside and around the SAHS related to Saukville history and the Milwaukee River.
7. Shoreline River Cleanup to improve SAHS river view.

The above ideas are only a sampling of ideas that were shared at the meeting. All the ideas are available on the hand-out distributed by the River Edge representative to all the SAHS members in attendance. A potential target date of October 15 has been suggested so that some of these ideas could be brought to fruition.

A motion was made by Mary Boyle and seconded by Beverly Thielen to adjourn the meeting. The meeting was adjourned at 7:45 p.m.

Respectfully submitted,

Beverly Thielen, recording secretary
